

# CONNECT THE DOTS.

## Create one of the largest Economies of the World.

By 2020, the collective GDP of Africa will be \$2.6 trillion, consumer spending would exceed \$1.4 trillion. With its rich reserves of natural resources and good GDP growth rates for over a decade, Africa is too good an opportunity to let go. All it requires is the coming together of the thought leaders from Africa and across the globe to discuss and address critical issues and highlight the path to augment the growth and robustness of financial and capital markets in Africa through collaborative efforts.

Global Board of Trade (GBOT) endeavors to cater to the need of such a forum through its annual flagship summit titled **"AFRICAN ECHOES" - ECONOMIC AND FINANCIAL LEADERSHIP SUMMIT** to be held on 16<sup>th</sup> October, 2010, 0900 hrs at the Intercontinental Mauritius Resort, Balaclava Fort.

Guest of Honour

### **THE HONOURABLE PRAVIND KUMAR JUGNAUTH**

*Vice-Prime Minister, Minister of Finance and Economic Development of the Republic of Mauritius*

"African Echoes" will find participation from over 200 thought leaders from the global financial markets space. Tracks and themes at the summit would focus on areas such as commodities, currency derivatives, banking sector, capital markets and financial market data
